

MEDICATION TRAINING

This practical, CPD accredited course provides care staff with the essential knowledge and skills required to safely administer medication in line with CQC requirements and best practice guidance.

Learners will gain a clear understanding of safe medication procedures, relevant legislation and policies, infection prevention, and how to identify and respond to concerns or medication errors.

The course also includes Sepsis Awareness, enabling learners to recognise the early signs and symptoms of this life-threatening condition and respond appropriately to protect the people they support.

Training can be held at our Training Suite in Wakefield or at a venue of your choice.
