

PEG AWARENESS TRAINING

This Half Day PEG Awareness Training aims to provide learners with an awareness of feeding methods for the use of Percutaneous Endoscopic Gastrostomy (PEG) Feeding.

Learners will have the awareness of how to apply feeding and medication administration techniques in a person-centred way when working with individuals who are PEG fed, including the techniques on the use of machines.

The course is interactive and engaging and our prices won't be beaten!

TRAINING INCLUDES:

- ✓ Recognising what a PEG is and the different types
- ✓ Identify why individuals may need a PEG
- ✓ Discuss the process for feeding and medication
- ✓ Identify safe handling and infection control methods
- ✓ Discuss nutrition and hydration relevant to PEG Feeding
- ✓ Recognise indicators and risks involved with PEG and how to report issues
- ✓ Identify and demonstrate the care and maintenance of enteral feeding tubes
- ✓ Discuss the importance for effective daily oral and skin care
- ✓ Identify the documentation and record keeping methods

Training can be held at our Training Suite in Wakefield.
